POSITIVE GOVERNMENT SECURITY LIFE ASSURANCE COMPANY, LIMITED.

"There are many attractions held out to-day to intending Insurers. It is all important, however, to ascertain in the first place the financial position of the Institution offering the special advantages. Take hold in all the Positive Government Security offers partake the highest security of any Life Office putting forth claims for business. The Assets of the Company on 31st December, 1891, amounted to over 35 per cent. of the total sum assured by its Policies and Positive Notes and Bonds, and the Company, in nearly ten years, has shown a steady increase, showing a position of affairs in relation to its liabilities which no Life Assurance Company at a similar age has ever surpassed. The Funds (invested in names of Trustees, for the Policy-holders) exhibit a remarkable increase. Take two decades. At the end of the year 1872 they were less than \$50,000; in December, 1892, they were close upon \$220,000; and on the last day of last year they were within \$27,000 of half a million sterling. Investigation, 29th Oct., 1892.
